Dear Mr Niels Uldall-Jessen,  
Dear friends in Them,

Gulbene Municipality Council has received your letter and fully understands your decision to terminate the official cooperation. At the same time, we are very sorry that the Silkeborg Municipality Council did not give you enough support to continue this friendship, which lasted for many, many years.

We appreciate what has been done together for almost 30 years. We had the opportunity to popularize our countries and cities, learn about good practices, implement joint projects, get to know the culture of another nation. Our children, teachers, seniors and specialists had the opportunity to perform abroad, participate in music and art events.

We also appreciate your concern for our seniors. The following are bank details for transferring a donation to Gulbene region seniors' Association "Atspulgs 5":

Gulbenes novada pensionāru biedrība "Atspulgs5"  
Address: O.Kalpaka iela 60, Gulbene, LV-4401

The emotions experienced and the people we meet in Denmark will always remain in our hearts and memories. We hope to meet all our friends again one day. You will always be welcome in Gulbene!

As we have many different project ideas, we would appreciate it if you could share with us your contacts in the Silkeborg Municipality Council - someone to whom we could present our cooperation intentions to continue this connection with Denmark!

We wish everyone good health and many positive moments to our friends!

Yours Sincerely,

Chairman of Gulbene Municipality Council

Andis Caunītis
